# About me

Im 15, and was born in Latvia. I study at Bergi Music and Art Primary School and an art school.

I really love snowboarding and skateboarding. I have a lot of close, we always spend time together and do fun things, like playing games, swimming, and riding bikes.

# My school

Bergi Music and Art school

Its 5 km from my home, and i go to school by bus.

After lessons i go to my art school whitch is near my school.

# Snowboarding

I've been skiing and snowing since i was 3 years old and i really enjoy it.

Every year I go on a skiing trip with my friends and we have a lot of fun and of course food. ;)

i can ski, but recently I love snowboarding a bit more, since its something new.

# Art

I have drawn a lot of drawings in art school. it's not my favorite thing to do because it's like work to me, but I can do it pretty good.

That's all and Thank You!
